CAREER OBJECTIVE

To pursue a career in a dynamic company that provides opportunities for professional growth, where I can demonstrate my skills, take on challenges, achieve organizational goals, and advance through dedication and continuous learning.

PROFESSIONAL EXPERIENCE

TECH PARK IT | FULL STACK WEB DEVELOPER   August 2024 – Present
House: 31, Lane 6, Block B, Section 6, Mirpur, Dhaka 1216

➢ Develop and maintain web applications using Laravel, ensuring the application's architecture is robust and scalable.
➢ Design and implement user interfaces using HTML, CSS, JavaScript, and Bootstrap, integrating AJAX, jQuery, and Vue.js for dynamic and responsive content.
➢ Build and integrate REST APIs (including payment gateways) with secure authentication via OAuth/JWT.
➢ Deploy software on cPanel, hPanel using CI/CD pipelines, and VPS environments for automated, seamless releases.
➢ Collaborate with the development team to design new features, improve existing ones, and manage code through Git (GitHub/Bitbucket), with a strong understanding of version control best practices.
➢ Write clean, efficient, and well-documented code, adhering to Laravel and PHP best practices.
➢ Troubleshoot and debug issues, participate in code reviews, and optimize application performance.
➢ Manage databases using MySQL, ensuring data integrity and efficient query performance.

CREATIVE SOFT LTD | JUNIOR SOFTWARE DEVELOPER   July 2023 – July 2024
Block: B, House: 41/6, Road: 1, Mohammadpur, Dhaka 1207

➢ Develop and maintain web applications using Laravel.
➢ Design and implement user interfaces with HTML, CSS, JavaScript, and Bootstrap, integrating AJAX and jQuery for dynamic content.
➢ Deploy software live in cPanel and hPanel using CI/CD pipelines.
➢ Collaborate with the development team to design new features and improve existing ones.
➢ Write clean, efficient, and well-documented code.
➢ Troubleshoot and debug issues, participating in code reviews and adhering to best practices.

HSBLCO SOLUTIONS | SOFTWARE ENGINEER (INTERN)   January 2023 – June 2023
821 Begum Rokeya Ave, Mirpur Shewrapara, Dhaka 1216

➢ As a Laravel Developer Intern, assist in developing web applications, collaborate with the team, write clean code, troubleshoot issues, and contribute to best practices.

COURSES AND TRAINING

Laravel Developer Trainee   May 2023 – August 2023
Wizard Software & Technology Bangladesh Ltd

• The Hire and Trainee Program, organized by the ICT Division of Bangladesh and sponsored by Dhaka University and Wizard Software & Technology Bangladesh Ltd, provided me with a rich learning experience in Full Stack Development.
• I honed my skills in both frontend and backend technologies, mastering HTML, CSS, JavaScript, and Bootstrap for frontend development, and PHP and the Laravel framework for backend development here.

PROJECTS

Purity (Web , Android)

This is an Android app that has both a web version and an Android version. I have Collaborated with Android developers to build and enhance REST APIs. Implemented new features including a quiz system, integrated Firebase push notifications, and contributed to CMS functionality for streamlined content management.

Rose Royal (Web)

Rose Royal Products is a small eCommerce platform offering a seamless shopping experience. Built for efficiency and user-friendliness, it features secure payments, product management, and a responsive design for smooth browsing across devices.

BME (Web)

BME (bme.com.bd) is a large-scale eCommerce platform offering a wide range of products with a seamless shopping experience. Built for scalability and performance, it features advanced search, secure payments, efficient order management, and a user-friendly interface for smooth navigation.

Merit Care Academy (Web)

It is a Learning Management System (LMS) designed for seamless online education. Built with a robust Laravel backend and a dynamic blade frontend, it offers course management, student progress tracking, and interactive learning features. Optimized for performance, security, and scalability, it ensures a smooth and engaging user experience.

Merit Care Sheet (Web)

MeritCare Academy Sheet is a single-page eCommerce platform designed for a fast and seamless shopping experience. It offers a clean, user-friendly interface with smooth navigation, secure payments, and efficient product management.

EpayMaker (Web)

Currently developing a new and improved version, independently handling both the frontend and backend. Responsibilities include database design, building numerous APIs, and integrating third-party payment gateways. The project is still under construction, but the existing version can be visited. Previously, I improved REST APIs and integrated third party payment gateways such as SafePayLTD, ChargeMoney, EasyProcess, AgxPayz, and InstaXchange.

EDUCATION

B. Sc. in Computer Science and Engineering	HSC (2019)	SSC (2017)
Daffodil International University	Shipyard School and Collage	Nooria Secondary School
CGPA: 3.55 (Out of 4.00)	**GPA: 3.92** (Out of 5.00)	**GPA: 4.27** (Out of 5.00)
Date of Result Published:18th February, 2024	*Result:17th July, 2019*	*Result:04th May, 2017*
